Key Resolve/Foal Eagle (KR/FE) '10 Success!

1. I want to thank our Soldiers, Sailors, Airmen, Marines, and civilian employees for making this year's Key Resolve/Foal Eagle (KR/FE) '10 exercise a great success! In spite of an arduous schedule and extreme weather, you have accomplished this training without any serious injury or major incidents. This is sign of great teamwork and your personal commitment to be safe.
2. My initial message asked for your personal involvement in identifying, mitigating, and controlling risks to prevent unnecessary loss of personnel and equipment. This combined and joint exercise required tremendous planning, preparation, and leadership from all participants. Your diligence and uncompromising high standards have carried the day!
3. I urge each of you to remain vigilant in your accident prevention and force protection efforts through the post-exercise recovery period. Commanders and leaders must remain personally engaged until their last units return safely. Everyone's focus on safety has made this an enormously successful exercise. Once again, thank you all for your hard work and personal sacrifice.
4. We Go Together!
